<b>TOTAL WITH VAT</b>			
<b>TOTAL WITHOUT VAT (- 7,4 %), for EU VAT holders and non-EU residents</b>			

- ⇒ Production time of your bike is 12 weeks (longer, if you choose the painting option) from the moment we register an advance payment of 60% of total price.
- ⇒ A partial VAT invoice documenting the advance payment will be issued within 7 days from registering the payment.
- ⇒ You can pick up your bike at our headquarters at an agreed date. The final VAT invoice (issued for the remaining 40%) will be settled in cash when picking up the bike.
- ⇒ If personal pickup is not possible, your bike will be shipped with UPS after we register the payment of the final VAT invoice (issued for the remaining 40% plus transport costs) OR will be shipped with UPS "cash on delivery" option - depending on your choice and possibility.
- ⇒ UPS's receipt for the transport cost will be attached to the final invoice.
- ⇒ Full terms and conditions you'll find on following pages.

# ORDER FORM

## TERMS AND CONDITIONS

---

### PAYMENT

#### 1. Advance payment

If all details of your order are correct and you agree with all of them, you are kindly asked to make the advance payment of 60% of the order's total value (based on the proforma invoice received with order confirmation message).

IMPORTANT NOTICE: the only account we run for the JetBike business is the one in NESTBANK in Poland (SWIFT/BIC: NESBPLPW). We do not run accounts in other countries. In particular, we do not run accounts in "tax havens".

Since every bike is made for a specific order, we'll start the production only, if you are sure that you want it, and confirm this fact with your financial commitment. The advance payment is not refundable, thus we strongly recommend to think the purchase thoughtfully BEFORE you make the final decision about the payment.

A partial VAT invoice documenting the advance payment will be issued within 7 days from registering the payment.

#### 2. Final payment

A final VAT invoice for the remaining 40% of the amount due for the bike (plus shipping costs if applicable) will be issued after we finish production. You will be asked to pay that final invoice upon pick up of the bike or before the shipment.

For some destinations, there is a possibility to use option "cash-on-delivery". If you prefer this option, please tick a relevant box in the order form. We'll check the possibility of using such option for your country and let you know in the confirmation message. If there is no possibility to use COD option for your country, the option of a bank transfer prior to shipment will have to be applied.

### DELIVERY

#### 1. Production time

A standard production time of a JetBike is 12 weeks (longer, if you choose to paint your bike a color) from the moment we register the advance payment.

Estimated time of delivery of a color painted bike will be specified in the order confirmation message, after we check the availability of a chosen paint color.

If any unexpected circumstances emerge, you will be informed and consulted.

#### 2. Pick up

You can pick up your bike personally at our headquarters at an agreed date.

If the personal pick up is not possible, we will ship your bike by the UPS. The cost of a parcel of such size should not exceed 200 EUR within the EU, and 400 EUR outside Europe.

UPS's receipt for the transport cost will be attached to the final invoice.

### AFTER-SALES SUPPORT

#### 1. Guarantee

- a) We give 5 years guarantee for carbon-made elements and producer's guarantee for bicycle equipment, provided that the bike is properly operated.
- b) In particular, the guarantee does not cover:
  - damage resulting from a road accident, including accidents with other vehicles or pedestrians,
  - damage resulting from hitting an obstacle,
  - damage resulting from driving up and down curbs and driving over the transverse speed limiters,

## ORDER FORM

- damage resulting from interference with the structure of the carbon composite, in particular: drilling and cutting.
- c) Damages occurring in the course of proper use of the bike, will be repaired free of charge, after shipping the damaged bike to us. Shipment address for repairs:  
Carbon-Project Ltd.  
Cegielniana 56A  
38-500 Sanok  
Poland  
Shipment costs are to be covered by you.
- d) If repair of the damage (occurred in the course of proper use of the bike) is not possible or if after the repair of element, the bike will not have it's initial strength, we will make you a new element free of charge.  
Shipment costs are to be covered by you.

### 2. Technical support during events

We will provide you with a technical support (minor issues with equipment, quick last minute adjustments, etc.), during all events we are present at. You can expect us at those of class: CDM, CM, chosen CC, chosen CN. Please go to our profile at JetBike – carbon handbikes to check where we plan to be, and don't hesitate to contact us at +48 730 855 222 or JetBike – carbon handbikes.
